OUR STORY

Aira Crest Private Limited is a Bengaluru based food export company supplying premium dehydrated vegetables, spices & natural honey from India to buyers across the EU, Gulf, US, UK, Japan and Southeast Asia. We combine reliable sourcing from India's leading production clusters with strict, lab verified quality control and dependable export logistics, so importers receive consistent, compliant, well documented product, shipment after shipment.

We supply hotels and restaurants, supermarkets and wholesale traders, food producers and processors. Custom packaging and private label options are available, and every consignment is dispatched with a batch wise Certificate of Analysis.
